

AVIN GOSTAR TRADING

Date :

No :

Dear Sir, Dear Madam

Iran exported 400000 of coal two years ago , data released by the statistical Center of Iran(SCI) suggested. Iran is one of the most important mineral producers in the world , ranked among 15 major mineral rich countries ,holding some 68 types of minerals , 37bln tons of proven reserves and 57 bln tons of potential reserves. The most important mines in Iran include coal , metallic minerals , sand and gravel , chemical minerals and salt. Iran extracted 2500 tons of coal from 101 mines during the period which reached 133000000.

Allow us herewith to introduce our activity as a trading that supply and export coal that made in Iran factories. If that is possible and parallel of trade situation in our country we can supply and provide coal and export this to your country.

We supply all the products will meet your requirements and we shall be very pleased to have your inquiry and valuable order in due time.

In case you need any further information , please don't hesitate to contact us.

Sincerely yours
Maziar Doostikhah
Commercial manager
